

Bargaining Update 1/25/2010

Your MTA Bargaining Team met with the district on Monday, Jan. 25, 2010. The district made a presentation to the MTA Bargaining Team that began with a financial scenario showing a potential deficit of 14 million dollars. At present, the district has not presented evidence to back up this claim. Therefore, the Bargaining Team requested that the Ad Hoc Committee meet to determine what budget cuts have already been made or are being considered to determine the accuracy of this deficit scenario before the Bargaining Team brings any options to membership for a vote.

The Ad Hoc Committee will be meeting shortly. For more information on the Ad Hoc Committee, please refer to Article 6.0.1 in your most recent contract.

Thank you for reading this update,

Your MTA Bargaining Team
