

Good Morning Teachers,

Only two items this Friday:

- **Representative Council Meeting on Monday** (Sept. 8th at 4:00 p.m.) Agenda and information was sent out earlier this week via email to all members. Feel free to check it out. Reps are expected to read it before the meeting.
- **STATE BUDGET INFORMATION** - We still don't have a State Budget. Analysts say that this could have a dire effect on school districts' ability to meet payroll. It is time to let your legislator know that you are out there. **Open the attachment and follow the instructions** (its easy). It will guide you through a simple, fast and easy way to contact your local representative (all you need to know is your ZIP Code). You will be connected with your local representative in a short time. All you have to do is "**urge them to pass the ORIGINAL Conference Committee Solution to the Budget Stalemate.**" Remember to use your personal cell phone to make this call (do not use district, site or classroom phones). **Call at your break or your lunch, or both.**

Chuck Smith
